

# Odoo for SMEs

Implementation cost & duration of 3 projects

Sébastien Bruyr • Sales Manager EMEA

Introduction

Lighting company

Horeca Supplier

Healthcare company

Conclusion + Q&A

# Introduction

Successful organizations understand the importance of implementation, not just strategy, and, moreover, recognize the crucial role of their people in this process.

— Jeffrey Pfeffer —

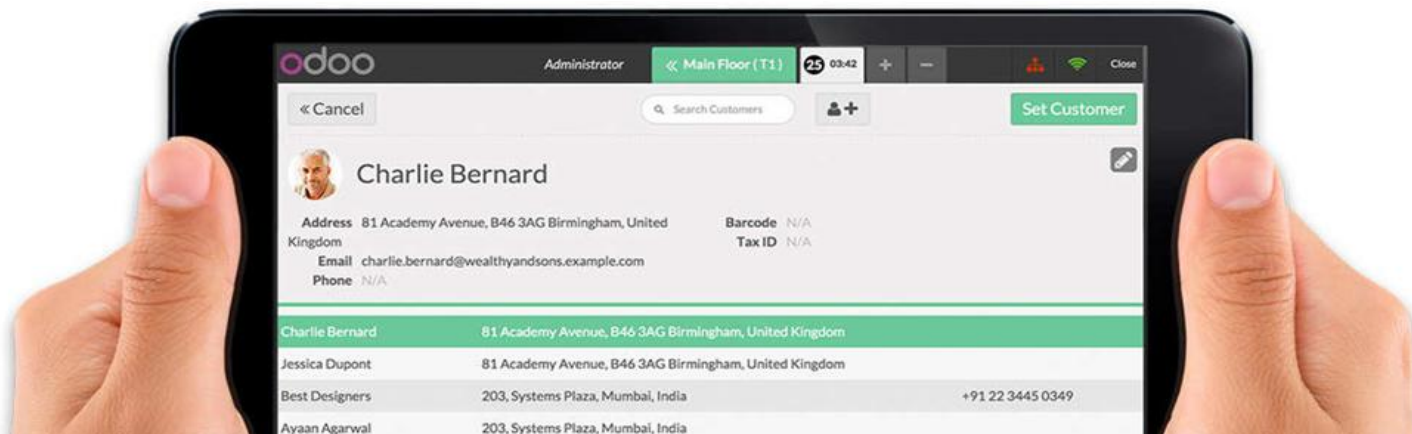

Lighting company

# Lighting company.

CRM - Sales - Invoicing - Accounting - Mailing - Inventory - Purchase - Website - Ecommerce - Temando - 4 users

The customer is a brand new company, selling lights (B2B). They are looking for a SAAS solution to management their business flows.

# Challenge of the project.

- Short timeline
- New shop
- Limited budget
- Large scope

# Accomplishment.

- Sales - Invoicing - Purchase - Inventory implemented in 2 weeks =>10h
- Adoption of the methodology by customer
- Shop was open on time with a proper system
- Odoo was implemented within the 50h pack

Horeca Supplier

# Horeca Supplier.

Sales - Invoicing - Accounting- Inventory - Purchase - Point of Sale - Website - eCommerce - customization Website - 3 users

Our customer is supplier of glassware, ingredient, wine and cocktails. They are working with both B2B and B2C.

# Challenge of the project.

- Huge scope
- 2 spoc for the project
- Customer is moving really fast
- Scope changed during the project
- Complex needs
- High level of customization

# Accomplishment.

- First phase in production in 1 month: CRM, Sales, Invoicing, Ecommerce
- We were able to guide the customer and help make strategic decisions in the way they are working
- They are working with 1 tool, no need to duplicate any action
- They gained a lot of time and are able to focus on their core business

Healthcare

# Healthcare.

CRM - Sales - Invoicing - Inventory - Purchase - Customized Inventory  
- Customized Invoicing - 10 users

This customer is working on developing, designing, manufacturing and supplying multi-purpose radiochemistry synthesizers, based on an **open platform** for the production of today's and tomorrow's radiopharmaceuticals that deliver **outstanding customer experience and production performance..**

# Challenge of the project.

- Customer needed to go from an existing solution to Odoo without losing any data
- Bad experience with the previous implementation
- Timing
- A lot customizations

# Accomplishment.

- First phase in production in 2 months: CRM - Sales
- Great result on the migration from the previous system
- Customer is using the solution even if the customization is not done yet
- We have done really precise reports for the customer
- Customer accepted the standard solution

# Conclusion

For every decision we take,  
we should ask ourselves:

**“Will it help delight customers?”**

Thank you.
